

Help people live and thrive in their communities

- **PCA Rate Reform:** ensure people with disabilities have access to quality Personal Care Assistants who are sustainably compensated through a data-driven rate model
- **Best Life Alliance:** protect access to services that help people with disabilities live and work as independently as possible
- **CDCS Expansion:** expand cost-effective options that offer opportunities for people with disabilities and their families to access self-directed supports
- **Repeal Preferred Incontinence:** ensure access to choice in the range of medical supplies that offer individuals dignity and opportunity to be included in community
- **Increasing Access to Adaptive Fitness:** create a grant program to increase access to adaptive fitness for people with disabilities
- **#MNParksForAll:** make state parks inclusive and accessible to all Minnesotans

Ensure access to coverage and supports

- **Improve and Protect MA:** increase access to Medical Assistance and ensure that MA is available as a reliable source of healthcare and community-based services
- **Streamline MA TEFRA Enrollment and Renewal:** streamline the enrollment and renewal process for MA TEFRA to ease the burden on families
- **MnCHOICES Assessment Reform:** improve the MnCHOICES assessment to ease the burden on individuals and families and ensure greater accuracy in determinations of services and supports
- **Parental Fee Reduction:** increase access to essential medical services and community-based supports for children with disabilities by reducing MA TEFRA parental fees
- **Health Records Act Reform:** update Minnesota's Health Records Act to promote quality of care and communication
- **Health Care Access Fund:** continue funding stream to ensure access to affordable health care

Make quality programs available

- **Complex Daycare:** establish centers that offer care for children and young adults with complex medical needs to avoid extended hospital stays and help address the home care shortage
- **Group Homes Specializing in FASD:** establish a pilot project to better provide housing and services to Minnesotans with FASD

Protect dignity and safety

- **Mitchell's Law:** allow Minnesotans to list up to three emergency contacts on their driver's license as electronic records accessible to first responders to connect families during crisis
- **Autism Training for First Responders:** offer training for first responders that supports positive, productive, safe encounters for people with disabilities and law enforcement

Invest in research and education

- **Chloe Barnes Advisory Council on Rare Diseases:** create an advisory council to advise on research, diagnosis, treatment and education related to rare diseases
- **Autism Council:** establish a statewide Autism Council to better address the unique and diverse needs of people with autism

**MNCCD envisions
equity and opportunity
for all people with disabilities
to lead meaningful, productive
and self-directed lives.**
